

Maintenance: If you need your website content updated or changed, such as text, photos or a completely new theme for your website that was designed by us, yourself or by competing company we are here to help. The maintenance fee for any website change is \$25.00 an hour with a 1 hour minimum. An estimate in hours will be given to the requester upon receiving the request from the customer before any updates are preformed.

Setup Fee: All new accounts will require a one time \$20.00 setup fee.

Additional Web Space or Email

Additional Web Space: If additional web space is needed (defined as anything above the account type limit), the cost is \$10.00 for each additional 500 MB of space.

Additional Email Accounts: An additional email account (defined as any number exceeding the amount specified for each account type) will sustain an additional charge of only \$3.00 (each) per month.

Skaggs Web Services LLC. offers personalized website development for small companies, for churches and for personal use. SWS is Christian owned and operated. Our goal is to simplify the internet business world for our customers every step of the way.

Domain Names

Skaggs Web Services strives to simplify the confusing process of web domain registration and development by completing all the work for you. We will register the name you request (if available) with our preferred registrar

SWS will setup the domain and establish any other accounts that are required with the appropriate internet services. The only real requirement is for you to inform us of what domain name you are looking for and we will perform the rest of the work.. If you'd like a little more information about this service, please contact SWS or simply visit our website.

Website Development

Skaggs Web Services will develop and customize a website to fit your business needs, or the needs of your organization. The overall cost for each webpage is dependent upon:

1. The type of web page that is required.
2. How much detail is requested.
3. Special non-standard design specifications (see Web Page Prices).
